

At W.A. Grain & Pulse Solutions, we are continually expanding our facilities and need qualified individuals. We purchase various grains such as peas, lentils, faba beans, wheat, rye etc. We then sell them locally, or to our extensive network of global buyers. These grains either get cleaned at one our facilities or loaded to rail. We currently have facilities for cleaning in Alberta, Saskatchewan, and PEI and load at various rail sidings in multiple provinces. We are currently hiring for our Bowden AB location.

The assistant plant manager will have the following responsibilities:

- Overseeing all operations including loading trucks & containers
- Producer deliveries
- Procedure compliance (safety, maintenance)
- Oversea cleaning plant operations
- Quality control
- Inventory management
- Training and development of employees
- Budgeting & business planning
- The Assistant Manager answers to the General Manager

The individual we are looking for MUST possess the following skills and experience

- 3 – 5 years recent experience in a Grain elevator, feed mill or cleaning plant
- Mechanical aptitude
- Superior organizational skills
- Excellent communication skills
- Must be able to work in a team atmosphere and lead by example

At W.A. Grain we are “Harvesting a path to a healthier world” and are looking for people who share the same passion for customer satisfaction. These positions are fast paced and vibrant. It will at times require quick and suitable decisions to be made on the spot. It will be a combination of mental and physical duties.

Salary will be based on experience. We offer a comprehensive benefits and RRSP contribution package after a 3-month probation period. We thank all candidates for their interest, however, only qualified candidates will be contacted. We are an equal opportunity employer.

Submit your resume detailing how your knowledge, skills and abilities match what we are seeking to:
